

# WITH HIGHSPEED AROUND THE WORLD

Door-to-door in the right place at the right time.

Our **Express product D2D Highspeed** provides you with the right solutions for your particularly urgent parcel and document shipments. You have the choice of a cost-efficient **standard product**, a **premium service** with a fixed delivery time or an **on-board courier service** - for both your exports and imports.

D2D Highspeed complements your conventional air and sea freight shipments perfectly. Increasing competition requires flexibility and fast reaction in your daily business.

For this you need a reliable partner:  
a. hartrodt - all transport solutions from a single source!

## Advantages of D2D Highspeed at a glance:

- Complete door-to-door (D2D) transport service within the agreed transit time for all imports and exports
- Customs clearance included
- Track & Trace
- Transparent pricing structure without hidden fees and surcharges
- On request:
  - Door delivery or delivery on Saturdays
  - Shipping of special cargo e.g. hazardous or temperature controlled goods
  - 24/7 emergency hotline
