

On the move for you in land transport

With our land transport products, we always offer you the right transport solution – tailored to your special requirements.

Land transport services with a. hartrodt

a. hartrodt was founded in Hamburg in 1887 as an international forwarding agent and is still under private ownership. With a worldwide network made up of its own subsidiaries and partner companies in more than 80 countries, its 1,700 employees provide tailored transport and logistics services.

Our product range in the land transport sector covers all transport requirements. Whether for your conventional or your heavy load and special transport needs, you have the choice: from cost-effective consolidated cargo, part and full loads, express deliveries with the utmost priority to heavy loads and special transport

Consolidated transport, part and full loads

Reliable and cost-effective transport solutions throughout Germany and Europe.

Special deliveries / express service

Prioritised transport solutions for urgent consignments with guarantee of fastest possible delivery.

Heavy and special loads

Whether your goods need a flatbed trailer, a drop vehicle, a low or sloping loader, we have a cost-effective solution through first-class contacts across Europe.

Container transport – Shipping containers for the German market import and export sector

Delivery of import and export shipping containers by direct truck round trip or more environmentally friendly in combined transport by truck/rail and truck/barge.
