WORLD PORTS AND POINTS

CARGO CONSOLIDATION CORP. is a licensed Non-Vessel Operating Common Carrier (NVOCC) by the Federal Maritime Commission (FMC), operating under FMC license number 000684 and FMC license number 016238N.

Carrier has opted to publish its Tariff rates and charges or in the alternative to be exempt from tariff publication requirements pursuant to 46 CFR §§520, 531, 532 and OSRA 2022. In that respect Carrier has opted for use of Negotiated Rate Arrangements ("NRAs") and may also opt to utilize NVOCC Service Arrangement ("NSAs"). NRA means the written and binding arrangement between an NRA shipper or consignee and an eligible NVOCC to provide specific transportation service for a stated cargo quantity, from origin to destination on and after receipt of the cargo by the NVOCC or its agent or the originating carrier in the case of through transportation. The shipper is considered to have agreed to the terms of the NRA if the shipper: (1) provides the NVOCC with a signed agreement; (2) sends the NVOCC a written communication, including an e-mail, indicating acceptance of the NRA terms; or (3) books a shipment after receiving the NRA terms from the NVOCC. If the NVOCC incorporates in the NRA quoted terms the following text in bold font and all uppercase letters: **"THE SHIPPER'S BOOKING OF CARGO AFTER RECEIVING THE TERMS OF THIS NRA OR NRA AMENDMENT CONSTITUTES ACCEPTANCE OF THE RATES AND TERMS OF THIS NRA OR NRA AMENDMENT."** The effective date of the NRA shall be the date of Carrier's receipt of Shipper's and/or Consignee's acceptance herein. All applicable origin, destination local terminal and/or port charges shall apply to all NRAs and should be considered as a pass-through. Rates may not be modified in an NRA after the time the shipment is received by the Carrier or its agent (including originating carriers in the case of through transportation). NRAs can otherwise be amended by the parties in writing or by acceptance of the quoted NRA amendment by booking the cargo.

Rule 2: Notice to Tariff Users

Effective: 29FEB2024 Thru: NONE Expires: NONE Publish: 29FEB2024

Carrier has opted to be exempt from tariff publication requirements pursuant to 46 CFR §§520, 531 and 532. In that respect Carrier has opted for use of Negotiated Rate Arrangements ("NRAs") and may also opt to utilize NVOCC Service Arrangement ("NSAs"). NRA means the written and binding arrangement between an NRA shipper or consignee and an eligible NVOCC to provide specific transportation service for a stated cargo quantity, from origin to destination on and after receipt of the cargo by the NVOCC or its agent or the originating carrier in the case of through transportation. The shipper is considered to have agreed to the terms of the NRA if the shipper: (1) provides the NVOCC with a written acceptance of the NRA; (2) sends the NVOCC a written communication, including an e-mail, indicating acceptance of the NRA terms; or (3) books a shipment after receiving the NRA terms from the NVOCC, if the NVOCC incorporates in the NRA quoted terms the following text in bold font and all uppercase letters: **"THE SHIPPER'S BOOKING OF CARGO AFTER RECEIVING THE TERMS OF THIS NRA OR NRA AMENDMENT CONSTITUTES ACCEPTANCE OF THE RATES AND TERMS OF THIS NRA OR NRA AMENDMENT."** The effective date of the NRA shall be the date of Carrier's receipt of Shipper's and/or Consignee's acceptance herein. All applicable origin, destination local terminal and/or port charges shall apply to all NRAs and should be considered as a pass-through. Rates may not be modified in an NRA after the time the shipment is received by the Carrier or its agent (including originating carriers in the case of through transportation). NRAs can otherwise be amended by the parties in writing or by acceptance of the quoted NRA amendment by booking the cargo.

AMENDMENT NO. O

Rule 2A: Application of NRAs and Charges

Effective: 29FEB2024 Thru: NONE Expires: NONE Publish: 29FEB2024

1. NRAs are stated in terms of U.S. Currency and or local currencies, as applicable, and apply per 1 Cubic Meter (M) or 1,000 Kilos (W), as indicated, whichever basis yields the greater revenue, except as otherwise specified. Where the word "Weight" or the letter "W" appears next to an article or commodity, weight rates are applicable without regard to measurement. Where the word "Measurement" or the letter "M" appears next to an article or commodity, measurement rates are applicable without regard to weight. NRAs and other charges shall be based on the actual gross weight and/or overall measurement of each piece or package, except as otherwise provided. NRAs indicated by W/M or WM are optional weight or measurement rates and the rate yielding the greater revenue will be charged.

2. Except as otherwise provided, all "Port" (i.e., Port-to-Port) rules published herein apply from/to places where the common carrier originates or terminates its actual ocean carriage of cargo. Tolls, Wharfage, Cost of Landing, and all other expenses beyond the port terminal area are for account of Owner, Shipper or Consignee of the cargo and all such expenses levied in the first instance against the Carrier will be billed in an equal amount to the Owner, Shipper or Consignee of the Cargo. NRAs are applicable from Inland Points which lie beyond port terminal areas. Such NRAs shall be inclusive of all charges pertinent to the transportation of cargo and not including Customs clearance assessments or Forwarding Charges, except as provided in each individual NRA. Alternatively, at shipper's or consignee's request, carrier will arrange for inland transportation as shipper's or consignee's agent. All associated costs will be for the account of the cargo. Overland carriers will be utilized on an availability of service basis and not restricted to any preferred Carriers, except as Ocean Carrier deems necessary to guarantee safe and efficient movement of said cargo. Carrier shall not be obligated to transport the goods in any particular type of container or by any particular Vessel, Train, Motor, Barge or Air Carrier, or in time for any particular market or otherwise than with reasonable dispatch. Selection of Water Carriers, Railways, Motor, Barge or Air Carrier used for all or any portion of the transportation of the goods shall be within the sole discretion of the Ocean Carrier.

3. Any Additional Charges which may be imposed upon the cargo by Governmental Authorities will be for the account of the cargo.

4. NRAs do not include Marine Insurance or Consular fees.

5. Description of commodities shall be uniform on all copies of the Bill of Lading and MUST be in conformity with the validated United States Export Declaration covering the shipment. Carrier must verify the Bill of Lading description with the validated United States Export Declaration. Shipper amendments in the description of the goods will only be accepted if validated by United States Customs. Trade names are not acceptable commodity descriptions and shippers are required to declare their commodity by its generally accepted generic or common name.

6. Unless otherwise specified, when NRAs are based on the value of the commodity, such commodity value will be the F.O.B. or F.A.S. value at the port of loading as indicated on the Commercial Invoice, the Custom Entry, the Import/Export Declaration or the Shipper's Certificate of Origin. The F.O.B. value and the F.A.S. value include all expenses up to delivery at the Loading Port.

7. The NRA shown except where predicated on specifically lower values or on an ad valorem basis, are subject to Bill of Lading limit of value.

8. Except as otherwise provided, NRAs apply only to the specific commodity named and cannot be applied to analogous articles.

9. FORCE MAJEURE CLAUSE: "Without prejudice to any rights or privileges of the Carrier's under covering Bills of Lading, dock receipts, or booking contracts or under applicable provisions of law, in the event of war, hostilities, warlike operations, embargoes, blockades, port congestion, strikes or labor disturbances, regulations of any governmental authority pertaining thereto or any other official interferences with commercial intercourse arising from the above conditions and affecting the Carrier's operations, the Carrier reserves the right to cancel any outstanding booking or contract in conformity with Federal Maritime Commission Regulations."

10. Any Tollage, Wharfage, Handling and/or other charges assessed against the cargo at Ports of Loading/Discharge will be for the account of the cargo. Any Tollage, Wharfage, Handling and/or Charges at Port of Loading in connection with storage, handling and receipt of cargo before loading on the vessel shall be for the account of the cargo.

Merchant acknowledges that for certain transport the underlying vessel will generally travel through certain waterways, including the Red Sea Region, the Panama Canal, and the Suez Canal, where the underlying ocean common carrier has deemed the most convenient route to the discharge port. Merchant acknowledges that there are current risks that any such Waterway may be blocked, closed, attacked by hostile forces or that the vessel may otherwise encounter significant delays and may opt to circumvent the Waterway. The underlying carrier may opt to exercise the following at its discretion: (1) the vessel may wait at the Waterway, and/or (2) may opt to pay additional fees in order to access the Waterway sooner; and/or (3) the vessel may sail such alternative route as the vessel operation common carrier deems suitable, including routes via the Cape of Good Hope at the southern tip of Africa vice traversing the Red Sea, and/or (3) the vessel operator may discharge the cargo at a close or convenient port with all of the Carrier's obligations under this contract being considered fulfilled. The Merchant shall be liable to pay the Carrier for the vessel operator's assessment of vessel detention at a daily detention rate on a pro rata basis with other cargo on the vessel for any time waiting exceeding certain specified time period and for the costs for consequent increase in time for sailing an alternative route plus any additional costs of all kinds, including, but not limited to bunkers resulting from such deviations and or alternate services, and to the consequences of *force majeure* which the underlying ocean common carrier may deem necessary to enforce as a result of the activities noted herein.

To the extent that any cargo is damaged pursuant to decisions taken or not taken by the underlying carrier which results in damages to the cargo from third party activities relevant to the waterway or other actions chosen by the underlying ocean carrier shall be allocated to the Merchant and/or cargo interest to the extent that such damage does not result directly from the gross negligence of Carrier.

1. Ocean Carriers during the pandemic period commencing on or about February 2020 and currently in place for so long as port congestion is occurring in the United States and globally, have been imposing charges in congested port areas in addition to base rate and sur-charges applicable to Carrier's service contract with ocean carriers in either or both of the following manners:

a. By imposing newly negotiated rate structures as a pre-condition to loading cargo previously tendered by Carrier or its agent, whereby, said Ocean Carrier will not load such cargo unless Carrier accepts such increased base spot rates, or

b. By imposing newly structured sur-charges with nominations such as, but not limited to "Revenue Recovery Surcharges", "Space Arrangement Fees", and other similar titles to indicate charges over and above those in place during the negotiations of the service contract, which are imposed as charges as a pre-condition to acceptance of cargo in a congested port, notwithstanding the negotiated service contract rates and/or surcharges were in place at the time the cargo was tendered to the Ocean Carriers by Carrier or its agent.

c. The term Spot Rates shall apply to either or both procedures defined in Paragraph 1. a) and b) above.

1. Carrier, in view of the Spot Rates practices developed by Ocean Carriers during the pandemic period, shall in order to provide consistency and predictability of transport shall accept such Spot Rates to the extent that not accepting same would lead to non-delivery of cargo, and/or port demurrage and other charges, unless Shipper shall decide and will timely notify Carrier that it is abandoning such cargo, at which time Carrier may take whatever steps necessary in terminating transport and/or asserting liens and effecting the sale of such cargo. To the extent that such cargo is not appropriately abandoned as provided herein, and the sale of the cargo does not cover the freight monies and other charges due to Carrier, Shipper shall remain responsible to Carrier for such charges.

2. Carrier shall define and treat such Spot Rates as Ocean Carrier General Rate Increases ("GRIs"), a term not otherwise defined in the Federal Maritime Commission's regulations. GRIs shall include charges implemented by Ocean Carriers as defined in the term Spot Rates herein. As such, pursuant to 46 CFR §532.5 (d) (2) (iv) such Spot Rates are not included in a Negotiated Rate Arrangement nor a Rules Tariff and shall be charged as a pass-through without a markup by Carrier.

3. To the extent that the increased rates and/or charges imposed by the ocean common carriers are not considered GRIs for whatever reason, Shipper agrees that these increases are an acceptable amendment to the pertinent NRA.

AMENDMENT NO. O

Rule 2-060:

Measurement and Weight

Effective: 29FEB2024 Thru: NONE Expires: NONE Publish: 29FEB2024

Tariff reference to "W" and "M" signify 1,000 kilos and 1 cubic meter respectively. Whenever freight charges are assessed on a W/M "weight or measurement" basis or where rates are provided on both a "W" and "M" basis, the freight charges will be computed on the gross weight or the overall measurement of the pieces or packages, whichever computation produces the greater revenue to the Carrier.

1. All packages will be measured in Centimeters and weight in Kilograms.

2. Rounding off- Dimensions

Where parts of centimeter occur in dimensions, such parts below 0.5 cm. are to be ignored, and those of 0.5 cm. And over are to be rounded off to the centimeter above.

3. Calculating Cubic Measurements

The three dimensions in centimeters (rounded off in accordance with (2)) are to be multiplied together to produce the cube of one package or piece in cubic meters to six decimals.

In case of a single package the decimals are to be rounded off at the second decimal, i.e., if the third decimal is below 5 the second decimal remains unaltered; if the third decimal is 5 or higher the second decimal is to be adjusted upwards.

In the case of multiple packages of like dimensions, the cube on one package to six decimals is to be multiplied by the number of packages and the total cube is then to be rounded off to two decimals under the foregoing procedure.

4. Official Measurers and Weighers

The straight loaded shipments of consolidator Cargo, stuffed at Carrier's nominated off dock CY locations, does not require measuring/weighing for purposes of confirming volume/weight of cargo. For such shipments, however, there must be a certificate from an officially appointed Sworn Measurer to confirm the exact location at which the shipment was stuffed into the container.

5. Misdescription, Underweights and Undermeasurement

A. The carrier at loading port will assess freight on the shipments on the basis of the gross weights and/or measurements declared or deemed to have been declared by Shippers. Such assessment is subject to the terms and conditions of the carrier's Bill of Lading. Notwithstanding the foregoing Carrier may arrange at the port/point of destination for the verification of the description, measurement, or weights of all such shipments as they, at their sole discretion, may decide and in all such cases the description, measurements or weights so obtained shall be used for determining the correct amount of freight which has to be paid and expense incurred should be for account of cargo.

B. If the gross weights and/or measurements declared by the Shippers are less than those ascertained and if the Shippers, by notification to the Carrier, within seven (7) days of the vessels sailing from port of loading or the consignees, by notification to the Carrier prior to the shipment leaving the custody of the Carrier, maintain that the gross weights and/or measurements stated by them are correct, freight shall be assessed provisionally on the controllers' figures and subsequently adjusted, if necessary, after an outturn reweighing and/or re-measuring. If such outturn re-weighing, re-measuring and/or resurveying shows that the gross weights, measurements and/or description were understated and/or misdeclared by the Shippers, re-measuring and/or resurveying shall be for the account of the cargo.

Shipper/Consignee for CY origin shipments shall be jointly severally and absolutely liable for any fine, penalty or other sanction imposed upon carrier, its agent motor/rail carrier by authority for exceeding lawful over-the-weight limitations in connection with any transportation services provided under this tariff and occasioned by any act of commission or omission of the shipper/consignee, its agent or contractors, and without regard to intent, negligence or any other factor. When carrier pays any such fine or penalty and assumes any other cost or burden, arising from such an event, it shall be on behalf of and for benefit of the cargo interest and carrier shall be entitled to full reimbursement therefore upon presentation of an appropriate invoice. Nothing in this rule shall require carrier, its agents or motor/rail carrier to resist, dispute or otherwise oppose the levy of such a fine, penalty or other sanction and carrier shall not have any liability to the cargo interest should it not do so. Any charges incurred in re-handling cargo to comply with maximum weight restrictions will be for the account of the cargo.

Rule 2-090: Diversion of Cargo (By Shipper or Consignee)

Effective: 29FEB2024 Thru: NONE Expires: NONE Publish: 29FEB2024

A request for diversion of a shipment will be considered as an amendment to the contract of carriage and will be subject to the following definitions, conditions, and charges:

A. Definition of Diversion:

Any change in the original billed destination (which may also include a change in Consignee, order party, or both). A change in Consignee, order party or both will not be considered as diversion of cargo.

B. Conditions:

1. Requests must be received in writing by the carrier prior to the arrival of the vessel at Discharge Port. Carrier will make diligent effort to execute the request but will not be responsible if such service is operationally impractical or cannot be provided.
2. Cargo moving under a non-negotiable Bill of Lading may be diverted at the request of shipper or consignee. Cargo moving under a negotiable Bill of Lading may be diverted by any party surrendering the properly endorsed original Bill of Lading. Cargo moving under a negotiable Bill of Lading may also be diverted by the shipper or consignee at the carrier's sole discretion without receipt by the carrier of the original negotiable Bill of Lading so long as a new negotiable Bill of Lading is not requested or issued by the carrier. If a new negotiable Bill of Lading is requested by the shipper or consignee, the original negotiable Bill of Lading must be surrendered to the carrier prior to issuance of the new negotiable Bill of Lading.
3. This rule will apply to full Bill of Lading quantities or full container loads only.
4. A shipment may only be diverted once. Shipper may request cancellation of the original diversion request, resulting in delivery of the cargo to the original billed destination, provided that such request is received prior to arrival of vessel at Discharge Port, and provided that all diversion charges as set out in C. below, applicable to the original diversion request, are paid in full prior to the cancellation request being accepted by the carrier. In no instance will any refund of the diversion charges be made in the event of a cancellation. Any additional expenses incurred by the carrier will be for the account of the cargo.
5. Cargo, which, upon request of Merchant (stowage permitting), is diverted to a Port of Discharge within the Scope of this Tariff other than that shown in the Bill of Lading, shall be assessed the actual amount of expense incurred by Carrier, or as per carrier tariff at time of shipment, whichever is higher, plus, at the sole discretion of the Carrier, depending on the relevant administrative burdens resulting from the diversion, an administrative fee of up to \$50/BL for cargo received and diversion requested prior to vessel departure, or up to \$300/BL for cargo received and diversion requested post vessel departure, from origin port.
6. Diversion charges or administrative charges are payable by the party requesting the diversion.

AMENDMENT NO. O

Rule 2-170: SUBMISSION OF CARGO DECLARATION DATA

Effective: 29FEB2024 Thru: NONE Expires: NONE Publish: 29FEB2024

A. SUBMISSION OF CARGO DECLARATION DATA; DEADLINE FOR SAME.

Pursuant to Customs regulations effective December 2, 2002, Carrier is required to submit certain cargo declaration data for all cargo on board a vessel that will call in the United States (i.e., U.S. import cargo and foreign destination cargo remaining on board the vessel) to the U.S. Customs Service not later than 24 hours prior to the time the cargo is loaded on Carrier's vessel at each non-U.S. port of loading. In order to enable Carrier to comply with this requirement, except as provided in paragraph B of this rule, any person tendering cargo to Carrier that is to be transported to the United States or that will be on a vessel when that vessel calls in the United States must provide the following information regarding such cargo to Carrier in writing (including by electronic transmission) in sufficient time for Carrier to transmit the data to the Customs Service at least 24 hours prior to the loading of the cargo on Carrier's vessel. Failure to comply with these requirements will result in cargo not being loaded.

1. A precise description of the cargo (or the 6-digit HTS number under which cargo is classified) and weight of the cargo or, for a sealed container, the shipper's declared description and weight of the cargo. The quantity of cargo shall be expressed in the lowest external packaging unit (e.g., a container containing 10 pallets with 200 cases shall be described as 200 cases). Generic descriptions, including, but not limited to, 'FAK,' 'General Cargo,' 'Chemicals,' 'Foodstuffs,' and terms such as 'Said to Contain' are NOT acceptable descriptions.

2. Shipper's complete name and address, or the identification number issued to the shipper by the U.S. Customs Service upon implementation of the Automated Commercial Environment ('ACE').

3. Complete name and address of the consignee, owner or owner's representative, or its ACE identification number.

4. Internationally recognized hazardous material code when such materials are being shipped.

5. Seal numbers for all seals affixed to the container.

B. TIME FOR SUBMISSION OF DATA BY SHIPPERS TO CARRIER.

Except as otherwise provided below, the time for shipper to submit data to Carrier shall be as follows:

1. Shippers who submit their shipping instructions in paper format will be required to submit their shipping instructions to Carrier no later than seventy-two (72) hours prior to vessel arrival at the foreign port of load. This applies to all U.S. destined cargo as well as cargo intended to be transshipped at a U.S. port and cargo that will remain on the vessel for carriage to a non-U.S. port.

C. CERTAIN NON-VESSEL OPERATING COMMON CARRIERS.

Non-vessel operating common carriers ('NVOCCs') that are licensed by or registered with the FMC and that have obtained Customs bonds may submit the required inbound cargo declaration data directly to the U.S. Customs Service in accordance with Customs Service regulations and guidelines. For purposes of this provision, an NVOCC is registered with the FMC if it has been issued an Organization Number by the FMC, has published a valid and effective rules tariff, and has posted the required financial security with the FMC.

1. Certification. Any NVOCC that submits cargo declaration information directly to the Customs Service shall, unless notified by the Carrier pursuant to subparagraph C(1) above that it is not required to do so, in lieu of the information required to be submitted pursuant to paragraph A of this rule, provide the Carrier, not later than the deadline for shipper submission of cargo information under paragraph B of this rule, with a written certification stating that the required inbound cargo declaration data for its cargo has been transmitted to the U.S. Customs Service in a timely and accurate manner. Such certification shall describe the cargo tendered with sufficient specificity (including container number) that Carrier may readily identify such cargo.

2. NVOCC Co-Loading. For purposes of this paragraph, the term 'Master NVOCC' shall mean the NVOCC that is the customer of the Carrier and tenders co-loaded cargo to the Carrier in its name. In the event the Master NVOCC submits cargo declaration data for co-loaded cargo directly to the Customs Service, it shall do so for all NVOCCs with which it co-loads. In the event the Master NVOCC does not submit cargo declaration data for co-loaded cargo directly to the Customs Service but NVOCCs with which it co-loads

transmit cargo declaration data for their cargoes directly to the Customs Service, it shall be the obligation of the Master NVOCC to provide Carrier with the certification described in subparagraph C (1) with respect to all co-loaded cargo tendered to Carrier by the Master NVOCC.

3. All NVOCCs shall be subject to Paragraphs D and E of this rule.

D. FAILURE TO PROVIDE INFORMATION; DENIAL OF PERMISSION TO LOAD CARGO.

1. In the event Carrier fails to provide the required inbound cargo declaration data to the U.S. Customs Service for all cargo to be loaded on its vessel within the time-period required by Customs Service regulations it may, among other things, be assessed a civil penalty, denied permission to unload the cargo for which information was not timely provided, and/or denied permission to unload any cargo from the vessel on which the cargo is moving. Accordingly, Carrier may refuse to load any cargo tendered to it for which it has not received either (i) the data required by paragraph A of this rule by the deadline specified pursuant to paragraph B; or (ii) the certification required by paragraph C of this rule by the deadline specified therein.

2. Any and all costs incurred by Carrier with respect to cargo in its possession which is not loaded due to the non-provision of information or certification, or which is not loaded pursuant to the instructions of the U.S. Customs Service (regardless of whether or not the required data or certification has been provided for such cargo), including but not limited to inspection, storage and/or re-delivery costs, shall be for the account of the cargo. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including reasonable attorneys' fees and expenses) incurred in connection with such legal action.

E. INDEMNIFICATION OF CARRIER.

If Carrier is assessed a civil penalty or fine or is denied permission to unload cargo, because of the failure of any and all shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) to provide the information required by this rule and/or by the regulations or guidelines of the U.S. Customs Service in a complete and accurate manner, then such shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) shall be jointly and severally liable to indemnify and reimburse Carrier for any such penalty or fine and any and all costs, damages or liability, direct, indirect, special or consequential, incurred by the Carrier as a result of the denial of permission to unload cargo or any delays related thereto. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including attorneys' fees) incurred in connection with such legal action.

F. CONFIDENTIALITY. Carrier acknowledges that the information required by the Customs Service may constitute confidential information that is not generally available to the public. Carrier, in accordance with the requirements of Section 10(b)(13) of the Shipping Act of 1984, as amended, will keep confidential, to the extent permitted by law, all Shipper bill of lading information, including information related to underlying shippers and commodities in respect of containers of less than container load cargo containing shipments by more than one Shipper.

AMENDMENT NO. O
Rule 2-210: Free Time Detention / Demurrage / Storage

Effective: 29FEB2024 Thru: NONE Expires: NONE Publish: 29FEB2024

The term "Demurrage" indicates a daily charge assessed to the shipper/consignee for the use of space, the occupation of land at marine terminals and/or services provided at the carrier's load/discharge port, rail ramp or inland container yard (CY) facility when the cargo remains in or on carrier's containers, tanks or trailers and/or such facilities beyond the permitted free-time as stipulated per tariff or contract of the vessel operator or the marine terminal after the expiration of free time. The term "Detention" (includes Tank Demurrage) indicates a charge for the use of equipment. The term "Free time" indicates the grace period for which neither of these charges will be incurred. Any charges for storage, detention or demurrage of freight or containers, as a result of being in excess of the free time prescribed or agreements, assessed by vessel operators on whose vessel cargo is/was transported or terminal operator at origin point or port or destination point or port, including rail yards and container yards due to some default or oversight of shipper or consignee or holder of bill of lading is for the account of such shipper, consignee or holder of a relevant bill of lading ("holder"). The "Merchant" as defined by the carrier's bill of lading and shipper, consignee, holder hereof, and owner of the goods shall be jointly and severally liable to Carrier for the payment of all detention, demurrage or storage charges before, during and after the carriage of the cargo. Carrier as a non-vessel operating common carrier, even for door delivery transportation, will not issue its own demurrage and detention charges in its NRA, NSA or Rules Tariff, its invoice for demurrage and/or detention MUST minimally include the following 13 data elements, pursuant to 46 U.S.C. §41104(d):

1. Date that container is made available.
2. The port of discharge.
3. The container number or numbers.
4. For exported shipments, the earliest return date.
5. The allowed free time in days.
6. The start date of free time.
7. The end date of free time.
8. The applicable detention or demurrage rule on which the daily rate is based.
9. The applicable rate or rates per the applicable rule.
10. The total amount due.
11. The email, telephone number, or other appropriate contact information for questions or requests for mitigation of fees.
12. A statement that the charges are consistent with any of Federal Maritime Commission rules with respect to detention and demurrage.
13. A statement that the common carrier's performance did not cause or contribute to the underlying invoiced charges.

Failure of the underlying vessel operating common carrier or its terminal operator to include the above items in a demurrage and/or detention invoice, would result in the elimination of the charged party having to pay the applicable charge pursuant to 46 U.S. Code §41104 (f). See Rule 2-220 below with regard to Carrier's obligations relating to demurrage and detention.

AMENDMENT NO. O
Rule 2-220: OSRA 2022 NVOCC Safe Harbor Demurrage Detention

Effective: 29FEB2024 Thru: NONE Expires: NONE Publish: 29FEB2024

A. Since Carrier is not assessing its own Demurrage and Detention charges but shows as Consignee on the Ocean common carrier's Master bill of lading, Carrier shall be timely pass-through without mark up, the ocean common carrier's terminal invoices to the consignee on its house bill of lading. The Commission in a Charge Complaint at 46 U.S.C. §41310 may find the Carrier not liable, and the Ocean carrier could be found liable for refunds or penalties.

B. In the event that demurrage/detention invoices do not include the 13 data elements that are referenced in 46 U.S.C. §41104(d) or otherwise may appear to be inaccurate from the vessel operators/terminals, Carrier may opt to return non-compliant invoices to the vessel operator/terminal with the opportunity to make any necessary adjustments to have invoices become compliant with the Regulations. Carrier may at its option pass through these invoices to shipper for their information only and with notice that these, even though may be challenged might still be due by Shipper depending on whether the FMC rules these are compliant or not compliant with the FMC regulations, or in the case where the ocean common carrier and/or its terminal refuse to release the containers without full payment of the claimed amounts.

C. Should a vessel operator/terminal fail to make necessary corrections to non-compliant invoices within a reasonable timeframe, Carrier may at its option initiate a formal Charge Complaint with the Federal Maritime Commission to advise them of any suspected non-compliances for their investigation.

D. Carrier, at its sole discretion, in order to have cargo released so as to not accrue demurrage for itself and its shipper, may make payment for containers to be released but will retain its rights to seek refunds from the vessel operator/terminal. Carrier reserves its possessory lien rights to be paid these amounts before releasing these cargos in subject containers to shipper. In this event, Carrier may opt, at its sole discretion, to seek refunds from the vessel operator/terminal, which refunds will be returned to shipper to the extent that Shipper has paid those sums to Carrier. Carrier also hereby assigns its rights to the importer or record or other party with a beneficial interest in the containers for purposes of pursuing this matter directly with the ocean common carrier and/or its terminal operator.

E. Carrier shall charge an administrative fee of \$100.00 on a per invoice per container basis for receiving, reviewing, and responding to demurrage,

storage, and detention charges which it passes on to its shippers from ocean common carriers, terminals, and/or railroads. Additionally, if Carrier opts to advance payments of demurrage and/or detention on behalf of Merchant, Carrier shall also have to right to charge Merchant 5% on the fees advanced if not paid immediately within 14 days of receipt of the invoice.

F. Carrier shall only be responsible for demurrage and/or detention when it is directly and solely liable for the assessment of those charges. Demurrage and detention resulting from conditions not under the control of Carrier shall not be considered as the liability of Carrier. Equipment and driver scarcities are considered not under the control of the Carrier.

The names of the Owner and/or Demise Charterer may be obtained from the Carrier's Agent or from Lloyd's Register. The Carrier shall have the right, without notice, to ship goods on a substitute vessel or other watercraft of this or any other carrier, or by any other mode of transport.

1. **Clause Paramount.** For carriage to or from or through any port of the United States or its territories or possessions, this Bill of Lading shall have effect subject to the provisions of the U.S. Carriage of Goods by Sea Act, 1936 ("COGSA") in respect of carriage of goods to and from a port of the United States or its possessions. If, this Bill of Lading is issued for carriage from a port in Canada then, this bill of lading shall have effect subject to the terms of the Canadian Carriage of Goods by Water Act, 1985. If this Bill of Lading is issued for carriage other than stated above, then this bill of lading shall have effect subject to the provisions of the Hague Rules contained in the International Convention for Unification of Certain Rules Relating to Bills of Lading, dated Brussels, August 25, 1924, as enacted in the country of shipment, or if so such enactment is compulsorily applicable, the provisions of said Convention shall apply by agreement. The provision of COGSA, Canadian Carriage of Goods by Water Act, said enactment or said Convention, whichever may be applicable, are hereby incorporated herein and shall apply throughout the entire time the goods are in the Carrier's custody, including before loading and after discharge as long as the goods remain in the custody of the Carrier or its subcontractors. Nothing herein contained is to be deemed a surrender by the Carrier of its rights, immunities, exemptions or limitations or an increase of any of its responsibilities or liabilities under COGSA or the Canadian Carriage of Goods by Water Act, said enactment or the Convention, or Clause 18(b) hereof.

2. **Definitions.** The following definitions shall apply in this Bill of Lading:

Government and Authorities: Shall include the United Nations, the European Union and any similar international organization, as well as a sovereign state or political subdivision thereof, port authority, customs official and any person or entity acting or purporting to act for any such Government or Authority.
At the risk and expense of the Goods: Or any like terms shall include, in addition, at the risk and expense of the Merchant.

With respect to goods carried on deck and stowed herein to be so carried, all risks of loss or damage inherent in such carriage shall be borne by the Merchant, reserving to the Carrier the right to invoke the defenses and limitations contained in U.S. COGSA and by this contract. Unless noted in writing by the Carrier on the face hereof, any agreement by Carrier or Carrier's agents to carry containers under deck shall be null and void.

5. **Merchant's Responsibility.** The weights of single pieces or packages exceeding two (2) tons shall be declared in writing by the Shipper and clearly and durably marked on the outside of each piece or package and Merchant shall be liable to pay extra charges for loading, handling, transshipping or discharging in accordance with the applicable tariff rates. The Merchant guarantees the accuracy of the particulars furnished to the Carrier by the shipper, including weight and measurement and the type of package actually shipped in a sealed container. The Merchant warrants that the goods are safely and securely packed in containers and warrants that it has fully disclosed the number of packages packed by it or its agent inside the container and agrees that the "package" for limitation purpose, if any, shall be any palletized and/or unitized assemblage of cartons which has been palletized and/or unitized for the convenience of the Merchant, regardless of whether said pallet or unit is disclosed on the face hereof. Merchant further warrants that it has ascertained and fully disclosed on the face hereof in the Particulars any hazardous or potentially dangerous characteristics of the goods.

The Merchant warrants that any Merchant loaded and sealed container tendered to the Carrier is in conformity with all applicable International and/or national regulations relating to the safe and proper carriage of hazardous cargo and containerized cargo.

6. **Containers Stuffed by Shipper.** The Carrier shall not be responsible for the safe and proper stowing of Goods in containers if such containers are loaded with goods by the Merchant, or its agent, consolidator or inland carrier, and no responsibility shall attach to the Carrier for any loss or damage caused to Goods by shifting, overloading or improper packing of containers. Containers not loaded by the Carrier, shall be properly sealed and the seal identification reference, as well as the container reference, shall be shown herein. The Merchant, or its agent, shall inspect containers before loading them. Loading of any containers by Merchant or its agents shall be prima facie evidence that the containers were clean, sound, watertight, free of harmful odors and suitable for shipment of the particular Goods described herein. The Merchant agrees to be liable for, and shall indemnify and hold harmless the Carrier, and the Carrier shall have a lien on the goods for any kind of property damage or personal injuries caused by the contents of said container(s) at any time, to property (including other cargo on board the Vessel) or to persons, solely for any loss, damage, delay, or expense whatever including legal fees and expenses, resulting from any failure of the Merchant, or its agent, to comply with provisions of this paragraph or of Clause 5, above.

7. **Duration of Liability, Port-to-Port Transport, Reconditioning of Goods and Repair of Containers.** Carrier's Lien. The Carrier's custody or responsibility for Goods shall not commence until the Goods are received by the Carrier at port of loading, or place of receipt. If intermodal carriage is contracted for, regardless of whether a Dock Receipt is issued on behalf of the Carrier. Delivery of Port-to-Port shipments shall take place when the Goods are discharged onto a safe wharf, craft or other landing place. The Merchant shall check vessel's arrival with Carrier's agent and be ready to take delivery, as soon as goods are landed, including Saturdays, Sundays and holidays. Where goods are, according to custom of discharge port, turned over to port authorities or stevedores or watercraft not independently employed by Carrier, delivery to such authorities, stevedores or watercraft shall be considered final delivery to Merchant. If the Merchant fails to take delivery of the goods as provided herein, containers may be unstaffed and the goods stored at the risk and expense of the goods and after 30 days may, at option of the Carrier, be deemed abandoned and sold for the account of whom it may concern. The Merchant shall be liable for and shall indemnify the Carrier and Vessel, and the Carrier shall have a lien on the Goods or their proceeds for all expenses of storage, sale, cooping, repacking, fumigating, repacking or reconditioning the Goods. Carrier shall also have a lien on the Goods for all expenses incurred in repacking

containers damaged while in the custody of the Merchant, for demurrage on containers, for terminal storage charges and for all legal fees and expenses incurred in connection with the enforcement of any provision of this Bill of Lading. The Carrier's lien shall survive delivery and may be enforced by private or public sale without notice.

8. **Scope of Voyage, Delay, Consequential Damage.** The scope of voyage herein contracted for may or may not include exclusive or customary or advertised ports of call whether named in this Bill of Lading contract or not. The Carrier does not undertake to load, carry, or discharge cargo on or by any particular vessel, date or time. Advertised sailings and arrivals are only estimated time, and such schedules may be advanced or delayed without notice. In no event shall the Carrier be liable for consequential damages or for any delay in scheduled departures or arrivals of any vessel or other conveyances used to transport the goods by sea, land or air.

9. **Liabilities.** In any situation whether existing or anticipated before commencement or during the voyage, including political turmoil, strikes and work stoppages or bad weather which, in the Carrier's or Master's judgement, may give rise to risk of damage, delay or disadvantage to the vessel, her cargo or persons aboard, or make it imprudent to begin or continue the voyage, or to enter or discharge at any port, or give rise to delay or difficulty in arriving or leaving any port, the Carrier may decline to receive, keep, or load the Goods or may discharge the Goods at any safe port, or retain the goods on board until the return trip or such time as the Master thinks advisable, or may forward or tranship the Goods by any means, but always at the risk and expense of the Goods, or may require the Merchant to take delivery at port of shipment or elsewhere, and if it fails to do so promptly, the Carrier may store the Goods at the expense and risk of the Goods or invoke the provisions of Clause 7, above. For extra services rendered pursuant to this clause the Carrier shall be entitled to reasonable extra compensation.

10. **Transshipment.** Where the Goods are consigned to a port, or place not served by the Carrier, and transshipment is indicated on the face hereof, the Carrier may, without notice, transship the Goods by any other vessel or other means of transportation not operated by the Carrier. The Carrier, in making any arrangements for transshipment by any means of transportation not operated by it, shall be deemed the AGENT of the Merchant without any other responsibility whatsoever. The on-carriage shall be subject to the terms of the on-carrier's current regular form of bill of lading or other contract, whether issued or not, even though such terms may include a lower limitation of liability or otherwise be less favorable to the Merchant than the terms of this Bill of Lading, which shall operate only as a receipt or document of title (if negotiable) after transshipment has taken place. Pending or after transshipment, the Goods may be stored ashore or afloat at the risk and expense until collected by the Merchant. Any and all liability of the Carrier incurred in connection with transshipment shall, in all respects, be subject to the terms and conditions contained herein, including but not limited to Clause 14, Limitation Per Package or Freight Unit.

11. **Goods Not Identifiable.** Goods not identifiable by marks or numbers shall be allocated for completing delivery to the various consignees of Goods of like character in proportion to any apparent loss or damage. Any loss or damage to combined shipments of bulk cargo shall be apportioned among them.

12. **Freight and Charges, Carrier's Lien.** Freight may be calculated on the basis of the Shipper's Particulars but the Carrier may, without notice to Merchant, open the containers or packages and examine, weight and measure the Goods to verify freight charges, and if such particulars are found to be erroneous and additional freight is payable, the Merchant shall be liable therefore and also for any expense thereby incurred. Full freight to the named port of discharge and other charges (including charges by on-carriers) shall be completely earned on receipt of the Goods by the Carrier, whether prepaid or collect, and the Carrier shall be entitled to all freight and charges, and any extra expenses incurred in respect of the Goods, whether actually paid or not, and to receive and retain them under all circumstances, vessel and/or cargo lost or damaged, or the voyage changed, broken up, frustrated or abandoned. All unpaid freight and charges shall be paid in full, without offset, counterclaim or deduction, in the currency of the port of shipment or, at Carrier's option, of the port of discharge at the demand rate of New York exchange quoted on the day of the Vessel's custom house entry at the port of discharge. The Carrier shall have a lien on the Goods, for all freight charges, and sums referred to herein and may enforce this lien by public or private sale without notice and shall be entitled to recover all expenses and attorney's fees. The Carrier's lien shall survive delivery of the Goods and shall apply to the proceeds of any sale of the Goods.

The Shipper, Consignee and owner of the Goods and holder of this Bill of Lading shall be jointly and severally liable to the Carrier for the payment of all freight and charges and for the performance of the obligations of each of them hereunder. Any freight broker, forwarder, person, firm or corporation engaged by any party to perform forwarding services with respect to the cargo shall be considered to be the exclusive agent of the Merchant for all purposes, and any payment of freight to such third parties shall not be considered payment to the Carrier in any event. Failure of such third parties to pay any part of the freight to the Carrier shall be considered a default by the Merchant in the payment of freight.

13. **General Average and Salvage.** General Average shall be adjusted, stated and settled in New York according to York-Antwerp Rules 1994 except Rule XXII (for any subsequent amendments thereto) and, as to matters not therein provided for, according to the laws and usages of New York. Average agreement or bond and such cash deposit (payable at Carrier's option in United States currency) as the Carrier may require as additional security for the contribution of the Goods and salvage and special charges thereon, shall be furnished before delivery.

In the event of accident, danger, damage or disaster, before or after commencement of the voyage resulting from any cause whatsoever, whether due to negligence or not, for which, or for the consequence of which, the Carrier is not responsible by statute, contract, or otherwise, the Goods and the Merchant shall, jointly and severally, contribute with the Carrier in General Average to the payment of any sacrifices, losses, or expenses in a General Average nature that may be made or incurred, and shall pay salvage and special charges incurred in respect of the Goods, as determined by a duly appointed independent General Average adjuster, and his determination as to liability for General Average contribution and his computation for the same shall be final and binding on all parties to the venture. If a salvaging ship owned or operated by the Carrier, salvage shall be paid for as fully and in the same manner as if such salvaging ship or ships belong to strangers.

14. **Limitation Per Package or Freight Unit.** In case of any loss or damage to or in connection with Goods or deck cargo exceeding in actual value \$500, lawful money of the United States, per package or, in case of goods not shipped in packages, per customary freight unit, the value of the goods shall be deemed to be \$500 per package or per customary freight unit, and the Carrier's liability in any capacity including as agent for arranging or carriage, if any, shall be determined on a value of \$500 per package or per customary freight unit. The Merchant may avoid the application of the package limitation by declaring the full value of the Goods to the Carrier, at the time of booking, and by paying an additional freight charge to Carrier, in accordance with the Carrier's tariff. In the event that the actual value of the goods per package or per customary freight unit shall exceed such declared value, the value shall nevertheless be deemed the declared value and the Carrier's liability in any capacity, if any, shall not exceed the declared value. In no event shall the Carrier be liable for any amount in excess of the actual value of the Goods. It is agreed that the meaning of the word "Package" includes a container, van, trailer, pallet, skid, cradle for unitized load, shipped hereunder. Where the Box 17 (on the front hereof) lists both number of cartons as well as number of "pallets" or "skids," it is specifically agreed between the Merchant and Carrier that the number of "pallets" or number of "skids" will constitute the Package.

15. **Limitation of Liability and Fire Statutes.** The Carrier whether owner or time or voyage Charterer of the vessel shall be entitled to the full benefit of, right to, all limitation of, or exemption from, liability contained in Sections 4281 to 4286 both inclusive of the Revised Statutes of the United States, and amendments thereto, and any other provisions of the laws of the United States or any other country whose laws shall apply. Nothing in this Bill of Lading shall operate to limit or deprive the Carrier of any statutory protection or exemption from, or limitation of liability, which would have been applicable in the absence of any terms set forth herein, or to increase its responsibilities or liabilities under any statute.

16. **Notice of Loss, Time Bar, Law and Jurisdiction.** Notice of loss or damage or any

other claim of whatsoever description and its general nature must be given in writing to the Carrier or its agent at the port of discharge or place of delivery before or at the time of the removal of the goods into the custody of the person entitled to delivery. If the loss or damage is not apparent, the written notice must be given within three days of the delivery. In any event, the Carrier, the Vessel and others mentioned receiving the protections of this Bill of Lading, shall be discharged from liability in any capacity unless suit is brought within one year after delivery or the date when goods should have been delivered under a port-to-port bill of lading. In the case of a combined transport bill of lading where loss and/or damage occurs during any non-marine portion of the transport, within the time period provided by the land and/or rail carrier's bill of lading or regular form contract of carriage and/or applicability tariff, even if such time period is less than one year, all law suits alleging any claim causes of action or any dispute whatsoever, arising under or in connection with this Bill of Lading shall be referred exclusively to and shall be subject to the sole and exclusive jurisdiction of the United States District Court, Southern District of New York, and U.S. Law, including U.S. COGSA, 1936, and its \$500 limitation shall be applied in such suits.

17. **Both to Blame Collision.** If the Vessel comes into collision with another vessel or vessels or any other object, as a result of fault or negligence on the part of the other vessel or other object, or of those charged with the operation of maintenance thereof, any act, neglect or default of the Master, pilot, mariners or servants of the Carrier in the navigation or management of the Vessel, the Merchant will indemnify the Carrier against all loss or liability, to either or non-carrying vessel or vessels or other objects or her, its or their owners insofar as such loss or liability represents loss of, damage to, or any claim whatsoever of said goods or the owner thereof, paid or payable by the other or non-carrying vessel or vessels or other objects, or subject to set-off, recoupment or recovery by the other non-carrying vessel or vessels or other objects or her, its or their owners as part of their claim against the carrying vessel or Carrier. The foregoing provisions shall also apply where the owners, operators or those in charge of any vessel or vessels or objects other than or in addition to, the colliding vessel or objects are at fault in respect of a collision or contact. This clause is to remain in effect in other jurisdictions even if unenforceable in the Courts of the United States of America.

18. **Combined transport.** If "Place of Receipt" and/or "Place of Delivery", Boxes 4 and 10 on the front hereof, are filled out, and applicable freight is paid, this is a Combined Transport Bill of Lading. Where, in case of Combined Transport, the loss or damage has occurred during the non-maritime part of the carriage (during land or air carriage), the liability of the Carrier in respect of such loss or damage shall be determined:

(a) by the provisions contained in any international convention or national law applicable to the means of transport utilized, if such convention or law would have been compulsorily applicable in case a separate contract had been made in respect to the particular stage of transport concerned, or

(b) where no international convention or national law would have been compulsorily applicable, by the land or air carrier's contract of carriage, including any limitations and exceptions contained therein, which contract the Merchant and the Carrier adopt and incorporate by reference, it being the intent of these parties that the Carrier's rights and liabilities shall be commensurate with those of the underlying land or air carrier, or

(c) if any court shall determine that no international convention or national law would have been compulsorily applicable and that the Carrier may not determine its liability, if any, by reference to the contract of carriage of the land or air carrier's contract of carriage or where said land or air carrier does not have a contract of carriage, then it is contractually agreed as between Merchant and Carrier that the Carrier's liability shall be determined as if the loss and/or damage complained of took place while on board the vessel.

19. **Refrigeration, Heating, Insulation, or Ventilation.** Special containers or cargo space with refrigeration or heating or insulation or mechanical ventilation shall not be furnished unless contracted for on the face of this Bill of Lading and extra freight paid. If a carriage temperature is noted on the bill of lading, the Merchant shall deliver Goods to the Carrier at plus or minus 2 Degrees Celsius from noted temperature, and the Carrier shall exercise due diligence to maintain such temperature, plus or minus 2 Degrees Celsius while the Goods are in its possession. The Carrier shall not be responsible for control and care of refrigeration units on containers when such containers are not in the actual possession of the Carrier. It shall be the responsibility of the Merchant to inspect any refrigerated, ventilated or mechanical container upon receipt, before loading Goods into said container. Merchant's acceptance and use of any tendered container shall constitute Merchant's agreement that the tendered container was fit for all purposes and in good working condition. It is THE MERCHANT'S OBLIGATION TO SET THE TEMPERATURE CONTROLS ON THE CONTAINER AT THE REQUIRED CARRYING TEMPERATURE. Carrier does not undertake to deliver empty refrigerated containers to Merchant at any specific temperature and will not accept any container loaded by the Merchant for shipment that is not set at the contracted carrying temperature. The Carrier does not warrant refrigeration machinery but shall exercise reasonable care in its operation and maintenance while in the actual possession of the Carrier. Carrier will not accept responsibility for the recording of temperatures in any form other than any Reefer Log Book maintained on board the carrying vessel. Carrier will not guarantee compliance with any governmental program or protocol unless noted on the front hereof and unless additional freight is paid.

20. **U.S. Trade Routes.** If this Bill of Lading is issued for carriage originating in or delivered at any place in the United States of America, then this Bill of Lading shall be exclusively subject to the United States Carriage of Goods by Sea Act and nothing contained herein shall constitute a waiver by the Carrier of any of the rights, defenses and limitations contained in said Act. Specifically and without limitation, any claim for damage and/or loss of cargo shall be subject to the US\$500.00 limitation contained in the U.S. Carriage of Goods by Sea Act and nothing herein shall constitute an agreement by the Carrier to increase said limitation amount on its own behalf or on behalf of any other party to which the protections of this Bill of Lading are extended.

The terms and provisions of the United States Federal Bill of Lading Act or any amendments thereto ("Pomeroy Act") are hereby incorporated into this Bill of Lading contract for any shipment originating outside of the United States of America or its territories or possessions, which is destined for delivery in the United States of America or its territories or possessions, as if said Act was compulsorily applicable to such carriage.

21. **Dangerous Goods.** No Goods which are or may become dangerous, inflammable or damaging (including radioactive material), or which may become liable to damage any property whatsoever, shall be tendered to the Carrier for carriage without the express written consent of the Carrier and without the container or other covering in which the Goods are to be carried is as well as the Goods themselves being distinctly marked on the outside so as to indicate the nature and character of any such Goods and so as to comply with any applicable laws, regulations or requirements. If any such goods are delivered to the Carrier without such written consent and/or markings, or if in the opinion of the Carrier the Goods are or are liable to become of a dangerous, inflammable or damaging nature, they may be at any time destroyed or disposed of, or abandoned or rendered harmless without notice and without compensation to the Merchant and without prejudice to the Carrier's right to freight and the Carrier's right to seek damages for any loss or expense associated with the Goods, including reasonable attorney fees. The Merchant undertakes that such Goods are packed in a manner adequate to withstand the risks of carriage having regard to their nature and compliance with all laws or regulations which may be applicable to the carriage.

Whether or not the Merchant was aware of the nature of the Goods, the Merchant shall indemnify the Carrier against all claims, losses, damages and expenses arising in consequence of the carriage of such Goods, including but not limited to damage to the Vessel, property of the Carrier and its agents and servants as well as cargo belonging to other parties.

Nothing in this Clause shall act to deprive the Carrier of any right, limitation and/or exception appearing herein or available to it at law.

22. **Separability of Terms: Final Contract.** The terms of this Bill of Lading shall be separable and, if any term or provision hereof or any part of any term or provision shall be invalid to any extent, it shall be invalid to that extent, but no further and such circumstance shall not affect the validity or enforceability of any other term or provision hereof. This Bill of Lading is the final contract between the parties which supersedes any prior agreement or understanding, whether in writing or verbal. This Bill of Lading and its terms and conditions may not be changed orally.

Effective: 29FEB2024 Thru: NONE Expires: NONE Publish: 29FEB2024

Ocean carriers whose vessels will be traveling through designated Emission Control Areas (ECA), which may also be designated as China's Emission Control Areas, or by other designations, will be required to use fuel with sulfur content of 0.1% or less, a substantial decrease from the 1.0% concentration fuel currently used in maritime shipping. These areas include the Baltic Sea, English Channel, North Sea, and 200 nautical miles off the U.S. and Canadian coasts, and all cargoes originating from Europe destined to all ports in China, including Hong Kong, and Taiwan (including inland destinations). The surcharge may be termed differently by ocean carriers but the main ingredient in common is that the surcharges are related to the increased price of bunker fuels surcharges. Carrier will be passing these charges to shippers pursuant to this Rule, and if a Negotiated Rate Arrangement has been utilized, these surcharges shall be passed on to shippers pursuant to 46 C.F.R. §532.5 (d) (2)(ii).

1. ONLY after prior booking and arrangements have been made with and accepted by the Ocean Carrier.
2. ONLY when local regulations, ordinances and lawful authorities at origin, destination or transshipment ports/points permit the handling of such cargo at Carrier's or port terminals and facilities.
3. ONLY when U.S. Coast Guard and/or local authority permits have been obtained and complied with by Shipper and/or Consignee.
